GREG GERMANN TALES OF TIME

Donny McCaslin Luis Perdomo Yasushi Nakamura Chelsea Forgenie

New York-based drummer/composer Greg Germann has spent the better part of the last 2 decades touring the world with Broadway shows, and then making his mark as a Telly Award winning film composer, utilizing his background in classical percussion and jazz to guide his hand. With encouragement from an important mentor, drummer Clarence Penn, Greg turned his attention to documenting a collection of his wide-ranging compositions for modern jazz quartet. With Penn producing, they pulled together a group of supreme improvisors including saxophonist Donny McCaslin, pianist Luis Perdomo and bassist Yasushi Nakamura to tackle Germann's rhythmically expansive & melodically rich works. Recorded in November of 2020, the compositions present a dynamic view of life during the Covid-19 pandemic. From the relentless post-bop opener, "Rush Hour," to the reflective "Quarantine," Tales of Time is Germann's calling card for jazz fans worldwide.
