METAMORPHOSIS

"...the sound is tremendous, as are the performances...To these ears, (Moulder's aesthetic) is probing and kaleidoscopic."

JAZZTIMES

With *Metamorphosis*, the soaring Chicago guitarist presents a new set of melodically rich compositions, exquisitely brought to life by the towering talents of pianist Richie Beirach, bassist Steve Rodby and drummer Paul Wertico. Their distinctive musical voices coalesce with Moulder's explorations of personal, cultural and spiritual transformations to create music that is as electrifying as it is beautiful. From the mighty, hard-charging "Game Changer" to the wide-open spaces of the "Metamorphosis" Suite, the band covers vast musical territories, offering a celebration of color, atmosphere, and constant surprise. "Mr. Moulder continues to sculpt his long-limbed lines as he makes the black dots leap off the page and come alive, as if voiced in splendour with aria-like colour and dynamics on an album of music to die for..." - Raul da Gama
